

**TEST DE DOMINOS**

**D48**

**CUADERNO DE PRUEBA**

EDGAR ANSTEY

# LO QUE USTED TIENE QUE HACER

En cada uno de los cuadros siguientes hay un grupo de fichas de dominós.  
Dentro de cada mitad los puntos varían de 0 a 6.

Lo que usted tiene que hacer es observar bien cada grupo y calcular cuántos puntos le corresponden a la ficha que está en blanco.

SOBRE ESTE CUADERNO NO DEBE ESCRIBIR NADA. ESCRIBIRÁ EN LA HOJA DE RESPUESTAS,  
Y EN NÚMEROS, LAS CIFRAS QUE CORRESPONDAN A CADA FICHA EN BLANCO

## EJEMPLOS

Aquí hay 2 ejemplos (el A y el B) que ya han sido resueltos.  
Observe cómo y porqué corresponden esas soluciones.

**A**

**B**

Los siguientes(el C y el D) son otros dos ejemplos.  
Fíjese bien en cada grupo y trate de averiguar qué cifras corresponden al dominó vacío.

**C**

**D**
